

JOIN US IN PRAYER

- That God would protect our staff, their families, and the precious children and families we serve from the spiritual warfare surrounding our ministry.
- That all who have committed their lives to Jesus would pursue discipleship, as our Country Director has planted churches in each of the villages where we work.
- For wisdom and discernment as we plan strategy for continued growth in our programs
- For the construction for Freedom Center #5 to run smoothly and for the village chief, elders, and community to be transformed by the love of God.
